<p>Our college at present is the study centre of two premier Universities providing distance education: Indira Gandhi National Open University (IGNOU) and Netaji Subhas Open University (NSOU). These study centres have been extremely beneficial for the people of the locality who find in our college a hub offering a wide range of courses beyond the regular curriculum based activities. The offline classes for these study centres that have taken place twice a week on the college campus after the regular classes in the earlier years, have commenced during the pandemic on the virtual platform. The master routine for the online classes of our college has been prepared as per the decisions in the teachers' council meeting carried out on Google Meet. It has been next uploaded on the college website and PMS Mahavidyalaya App and the classes have commenced accordingly. After overcoming the initial shock of the unprecedented closure of educational institution, we have endeavoured to carry out our activities nonetheless, thanks to the technological era we live in.</p>

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Detailed information of the college, courses offered, objectives and achievements are available on the college website and also on PMS Mahavidyalaya App. The online admission portal provides the new entrants with all relevant information. For timely and effective dissemination of the curriculum framed by the Under Graduate Council the Academic Sub-Committee of the college prepares an Academic calendar which is uploaded on the college website. The essential aspects of teaching-learning process are discussed at the Teachers' Council meetings which were held on the virtual platform during the lockdown period. The master routine prepared in due consultation with the different departments is uploaded on the website. In case of any queries or difficulties with regard to the framed curriculum, the voice of the college is carried forward by the departmental representations on the Board of Studies. The usual offline classes and means of evaluation of students being held at bay, the teachers have resorted to different e-learning methods, viz.

online lectures, uploading study materials, power point presentations and arranged student webinars to make the process interactive and interesting.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The Academic Sub-Committee prepares an academic calendar that highlighted the working days and examination days as planned at the commencement of the academic session which is uploaded on the website of the college. The invasion of the pandemic and consequent shut down of the educational institutions reversed the whole situation for us and made the academic calendar seem apparently irrelevant. However, the enforced confinement at home also enabled us to increase the teaching days and reach out to our students after overcoming the initial shock of the situation. The University examination also had got delayed during this time. On the whole, the syllabus was adequately taken care of and the progress of the students monitored through projects, student seminars before they sit for the University examination.

**1.3 - Curriculum Enrichment****1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

The Curriculum framed by the Under Graduate Council that is followed by the institution as an affiliated college is rather extensive and incorporates some relevant, pressing issues of the times. Environmental Studies is a compulsory subject taught at the ----- semester that seeks to make the students aware of the need for sustainable development and the means to combat environmental degradation. With the Environmental science and Geography teachers at the helm we have started a solid waste management project to keep our campus eco-friendly. Ethics is an integral part of the syllabus of Philosophy which deals with ----- Such topics promote the growth of moral, ethical values in our students. In addition to incorporating seminal texts by women writers, the English syllabus has a separate paper DSE that deals with literary theories, the foremost amongst which is Feminism. In Political Science GE paper there is a section on Feminism: Theory and Practice for both Prog. and Hons. course

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Situated in a tribal belt and the only college within a radius of 30 Km, ours is a mixed community of students, many of whom are first generation learners, coming from the backward sections of the society. Keeping them in mind we try to follow a blended mode of teaching in the classroom, mixing the traditional mode of giving lectures and board work with the use of ICT tools and the smart classroom. Special coaching is given to the backward students in addition to the regular classes where the teachers reach out to them on a personal level and address their psycho-social needs besides the academic ones. By encouraging the students to participate in the student seminars, sports and different cultural activities the institution helps them to overcome their initial hesitation and emerge as confident individuals who can make their presence felt in the big, wide world.

[The institution identifies and responds to special educational needs of advanced

Learners through some attainable measures. Teachers in respective department do these jobs grooming the students for the razor-edge competitive market. This is done through Unit Test, Group Discussion, Competitions and the like. In this way the advanced students are motivated. They are encouraged in having extra book facilities. This pays greater dividends in the end.]

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

As primary stakeholders, the students have been pivotal so far as teaching learning process is concerned. We try to mould ourselves accordingly to cater to their needs. Our primary objective is to engage the attention of the students and make them think on their own. Through group discussions, student seminars we make education interactive and interesting. The students are able to develop their power of logical reasoning and articulation. They are given case -studies to work upon that not only sharpens their comprehension of the particular subject but also prepares them to meet life's challenges in the days ahead. The educational excursions, field works bring a breath of fresh air as the students move out of the confines of the classroom and are duly enriched by their experiences. This reflects on the reports they submit on returning to college. The student-centric learning and an ambience conducive to the same is thus created for a harmonious development of our students' personality.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

The arrival of Information and Communication Technology (ICT) has revolutionized the process of teaching. It has opened up new avenues of accumulating and disseminating knowledge that can no longer be ignored in the best interests of all. We accordingly have moved with the times and embraced this new medium of education. As of now we have one smart classroom. The

availability of LCD Projector and laptop enables us to take recourse to PPT while teaching and organize seminars, conferences at national, international levels in our conference hall. We are trying to augment these resources gradually to enable more ICT classes simultaneously. This year offline classes were disabled during the lockdown phase. We resorted to online classes and consequently could not make use of the resources in our campus.

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Besides the class tests and assignments given by the individual teachers as per their discretion, the college conducts midterm and annual tests in order to gauge the progress of the students and to prepare them for the University examinations. The evaluated answer scripts are shown to the students and their defects are pointed out. The guardians of the students who perform poorly are consulted to sort out the problem. However, the lockdown phase during the pandemic times has interfered with such regular offline activities. We have tried to combat the situation by conducting interactive sessions with the students and giving them assignments based on our online teaching. North Bengal University, too to which our college is affiliated had initially postponed the regular examination and conducted an assignment based examination during this period. We have thus assessed the progress of our students during the lockdown period.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

In the normal, pre-pandemic times we have taken written examinations of our students at college level, evaluated them meticulously and shown them the answer scripts, pointing out the defects. The lockdown period disabled our offline activities and we have tried our level best to evaluate our students and discuss their performance with them, maintaining thereby a transparency in the whole process. We have given them assignments which have been examined thoroughly and have been discussed in the next online interactive session. The queries of the students related to their marks obtained have been patiently addressed in the light of their performance. Thus we have pointed out their defects and motivated them towards better performance in the forthcoming University examination leaving no room for any unaddressed query, or grievance from the students' end.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

The college offers eight core course and six program course to the students. During the admission process the students are briefed about the subject choices and the future scopes. Syllabus and the course outcomes corresponding to each subject are discussed by respective departmental faculties at the beginning of the academic session. Newly admitted students are briefed about course outcomes and scope of the syllabus in the introductory classes. Particular attention is given towards developing fundamental concepts, sharpening their analytical and problem solving skills so as to enhance their employability prospects. During the commencement of each unit and after the completion of the unit, the course outcomes are reviewed.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Through different student seminars, assignments, group discussions and written tests the progress of the students are monitored. This helps the faculty members to get an idea of the level of attainment of the outcomes of the different programs and courses at the end of a particular semester. Besides, the involvement of the students in different extension activities is the ultimate reflection of their holistic development that each program and the courses offered endeavour to bring about in their own way.

Describe the impact of extension activities in sensitizing students to social issues and holistic development within a maximum of 200 words.	
We are committed towards nurturing our students as wholesome, conscientious human beings who feel oneness and a natural responsibility towards their community. The importance of extension activities in the neighbourhood in this regard cannot be overstated. Every year we try to engage our students in such extension outreach programmes which instill a feeling of social service and strengthen their rootedness to their community. Such	

extension activities are an integral part of education of our country's youth.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

As an educational institution it is our bounden duty to provide adequate infrastructure and physical facilities to the dense population of our students. The monitoring and augmentation of the same has been our constant endeavor. As of now the sprawling campus of our college accommodates thirty two classrooms and two seminar halls out of which one is a smart room. We have an LCD projector and Laptop which enable ICT equipped classes and have facilitated our organization of seminars of national and international level over the years. We have a separate building for the Science stream while the Humanities and Commerce classes take place in the main building of our college. The furnishing of the laboratories of Science departments is under way, out of which Botany and Geography laboratories have been adequately equipped by now. The stocks of the Central library and the Departmental libraries are regularly monitored and updated. Besides purchasing books, renewing subscription to NLIST and the print journals, photocopy facility is available at the Central library.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

We encourage students' participation in different events to bring about their harmonious development. The spacious sports field enables successful arrangement of the Annual Athletic Meet. We have goalpost bars and a sports room where different sports equipments are kept and maintained. We have provisions for playing outdoor as well as indoor games, namely badminton and carom. Different cultural events are held on the spacious college ground. Students participate in all these in large numbers. We have a spacious hall with a stage set with podium and microphone facilities for arranging cultural programs indoors. The college has its own set of musical instruments like harmonium, table and guitar which facilitates spontaneous arrangement of cultural events round the year.

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Central Library of the college is partially automated with KOHA software version 3.18.03, since the year 2015. The Library has two computers with internet facility. The bandwidth of internet connection is 125 MBPS. The Central library subscribes to e-journal, namely NLIST whose access is greatly beneficial for academic exercise of the institution. The Pandemic has underlined all the more the importance of digital resources in the present era. We are working towards complete automation of the library and look forward to completion of the procedure in the coming year.

#### 4.3 - IT Infrastructure

##### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

The advancement in Information Technology has revolutionized the system of education and has opened up new avenues to access resources across the globe. Our college likewise has embraced the same while preparing the students for the big, wide world. As of now, we have twenty computers, out of which ten have

internet connection with speed 125 MBPS. We have started a computer lab in our college with six computers. We have one smart classroom. We have a projector and laptop which enables ICT equipped classes and arrangement of seminars of national and international level. Wi-Fi facilities are available in our college since October 4, 2016. There was a persistent demand from the students for an easier access to all the important notices of the college despite the existence of the college notice board and the website. We realized the need for a college app that will bring all details together. PMS Mahavidyalaya App was launched on June 6, 2019. The Galaxy It Station created the App. The App containing subsections: Website, NBU Course, College staff, Syllabus, Notice, and the like, is a comprehensive assemblage of information related to the college. it is regularly monitored and updated by the college authority.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college in its sprawling campus has spacious classrooms. One smart classroom and the presence of projector and Wi-Fi facility enable the teachers to take recourse to ICT methods while teaching. We are trying to augment these resources gradually to enable more ICT classes simultaneously. The Central library along with the Departmental libraries, are monitored and updated at regular intervals to accommodate the needs of the students and the faculty members. The furnishing of the laboratories of the newly introduced science stream is under way. As of now the Botany and Geography laboratories are adequately equipped. **Describe the students' representation and engagement in various administrative, co-curricular and extracurricular activities within a maximum of 200 words**

The election of the Students' Council has been postponed until further notification as per Govt. order. Since then a caretaker students' union is present as an unofficial, purely temporary stopgap measure. In such a situation they have no representation in the Governing Body of the college right now. But that does

not deter them from taking active part in different cultural activities like the Fresher's Welcome and the College Social on the campus. They organize the Teachers' Day and shoulder the responsibility of the Saraswati Puja with religious devotion. They publishe the annual issue of the college magazine 'Prasfuran'. However, the lockdown necessitated by the pandemic has halted their usual activities this year.

### 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

On February 16, 2016 the Alumni Association of the college has been registered vide no. 61311 of 2016-2017 in presence of then Principal of the college, Dr. Uma Maji, NAAC Coordinator Prof. Basudev Paul, and teachers: Dr. Jaya Adhikary, Dr. Dibyendu Dasgupta and Arpita Dasgupta were present. The registration has been renewed subsequently as the Alumni Association initially constituted with eleven members has increased its strength to

thirty one. [last year's figure] The office bearers are as follows:

President : Pranay Pradhan

Secretary - Atit Thapa

Joint Secretary - Amit Mandal

Treasurer - Prashant Pradhan

Joint Treasurer - Sharmistha Ghosh

The Alumni association holds meetings at regular intervals to chalk out their constructive activities in the best interests of the college. They come to the college on different occasions and actively participate in the activities. They have organized workshops on skill development and job-oriented courses for the students in the bygone years. But the pandemic and the consequent shutdown of the offline activities disabled any new ventures this year.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

To transform our college through the higher trajectory of ground breaking technology into an altar of higher educational

institute has been our visionary goal. We are mission bound to make a difference in the lives of the local community and equip our students in accordance with the changing times. Towards that end, we seek to present a reasonable, accountable, transparent and participatory management system. The Governing Body and the IQAC are the two core teams that chart and execute the way forward for the institution. The Head of the Institution coordinates between them. The Secretary of the Teachers' Council initiates the formation of different committees at the beginning of each year at several levels that take care of different activities of the institution. Through the meetings conducted mostly online this year, the members coordinate and chalk out the way forward of the institution despite the trying times.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Much of this year has been spent indoors owing to the prolonged lockdown necessitated by the pandemic. Just as the faculty has tried to reach out to the local community, so have the students out of their own accord. The NCC cadets college have arranged covid awareness programme in their neighbourhood. They have made posters, spoken about the dire need of maintaining the covid protocols and have voluntarily reached out to the people in need. It is very heartwarming to see our young students growing into conscientious human beings morally committed to their society. Despite being away from their common meeting place at the institution during the lockdown phase and unable to engage in any concerted activity together, their individual attempts in their own locality makes us look forward to the light at the end of the dark tunnel.

## 6.2 - Strategy Development and Deployment

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The pandemic has completely overturned our normal lives with telling impact on human psyche. The key in such a situation has been to remain focused on our goal as an educational institution and carry on our usual activities as normally as feasible. The virtual platform has surfaced as a vital meeting ground for all of us in such times. On August 17 and 18, 2020 the Department of Political Science of our college collaborated with the Departments of Political Science and History, Maynaguri College for a Two-day International Webinar on 'Pandemic Realities: Emerging Issues and Perspectives'. The webinar tackled the raging problem from diverse angles and also brought us together across the globe in times of isolation and loneliness. It brought us back to our academic environment, duly enlightened us and made us stronger through this great human bond against calamity.

### 6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The Governing Body and the IQAC are the two core teams that chart and execute the way forward for the institution. The Head of the Institution coordinates between them. The internal organizational structure and decision making processes lie with the Teacher-in-charge and all administrative and financial powers percolate down to the lower rung of the college. The Secretary of the Teachers' Council initiates the formation of different committees at the beginning of each year at several levels that take care of different activities of the institution. Departmental Heads and In charge of various wings are also a part of the decision making process. There is a service book committee which prepares and updates the service book of the permanent employees of the college. As an affiliated college our institution is guided by the statute of the

University of North Bengal. The teachers on substantive posts are appointed as per the recommendations of the College Service Commission and their subsequent promotion proceeds in conformity with the Career Advancement Scheme stipulated by the University Grants Commission.

### 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

As a result of the initiatives taken by IQAC the following practices have become institutionalized:

1.) We have a natural commitment to the local community. Over the years, IQAC has made it customary to engage in some activities directed towards community welfare. This year the science building of our college has served as safe house during the pandemic. The faculty members have distributed dry food, masks, and medicines amongst the local people.

2.) As an educational institution it is our bounden duty to equip our students for a promising, meaningful life. Thus we regularly organize workshops or special lectures by motivational speakers. This year IPS officer Sri Sujit Lama conducted an interactive and informative session with our students as a part of our Career Counseling and Anti-Addiction Awareness Programme.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

**IQAC monitors and acts accordingly to keep the teaching learning process in our college at par with the changing times. Two such endeavors are as follows:**

More than dissemination of education from a superior vantage point, the teachers now are primarily mentors who assist the students in their journey forward. In our institution we abide by this principle. We provide special tutoring to the weak students besides the regular classes and provide the advanced learners the extra resources they need to excel. Besides the academic requirements, we try to mentor them on a personal level and address their psycho-social needs.

The ICT tools are now an integral part of education. We have accordingly taken recourse to these modern methods while reaching out to our students. We now have one smart classroom in addition to LCD projector and laptop and have also introduced a computer lab in our college. However, keeping in mind the diverse composition of our students, many of whom are first generation learners, we try to follow a blended mode of teaching in the classroom, mixing the traditional mode of giving lectures and board work with the use of ICT tools.

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

As a co-educational institution we try to instill in our students a feeling of mutual respect and amity for each other. Gender equity is a basic step in this regard. We have a women's cell that caters to the needs of the female students. We have a Girls' Common room with a lady attendant for them. We have constructed a separate block for Girls toilet. We have started talks with prospective sellers for installing a sanitary napkin vending machine in our college. It is all set to be installed

from the next session. We are committed to providing a safe, healthy environment in our college for the girls and have zero tolerance for any act of gender discrimination or abuse whatsoever.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Our college is located in western Doars which is a beautiful melting pot of people from different religious, cultural, linguistic backgrounds. In short, it is a microcosm of India whose basic motto since times immemorial has been unity in diversity. Our institution accordingly is committed towards providing an inclusive environment for all its children. The different cultural programs in our college provide a wonderful platform for cultural exchange. We regularly observe International Mother Language Day when the faculty members and the students open up and perform in their mother language. Malbazar where our college is located observes different religious festivals where people from all religious backgrounds participate. We instill in our students a similar feeling of oneness while mentoring them and prompting their participation on different occasions. There are sectional holidays for people from different communities whose festivals are enjoyed by all. Ours is a peaceful area so far where we have thankfully not witnessed any sectional unrest. Besides, there is a students' welfare fund in our college for the economically disadvantaged students. Thus we attempt to cater to the needs of all and provide a harmonious, peaceful, inclusive environment in our college.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

As an educational institution we are naturally committed to instill in our students the basic human values and bring about their holistic development. We organize blood donation camps which instill in them a feeling of commitment towards their community and generate a passion for social service. The prolonged lockdown during this year has interfered with our regular activities. The science building has served as safe house for the covid infected patients during the lockdown

period. We have gone to the nearby Tea Estate and distributed masks, sanitizers, dry food and vitamin C medicine amongst the local people. A very small attempt in face of the gnawing need of the times, it nonetheless made us feel blessed as we bonded with the local people. Our NCC cadets have out of their own accord carried out covid awareness programme in their own locality. It is indeed heartwarming to see that our young students are blossoming into conscientious human beings with ingrained moral, human values. Our NCC cadets have collaborated with the Mal Police station in controlling the heavy traffic during Durga Puja festivities. Through such measures the institution tries to promote a feeling of national integration, shape its students and employees as responsible citizens of a progressing nation.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

The institution observes the days of national and international significance round the year with full participation of the faculty and students. The pandemic has grossly disrupted our regular commemorations this year. However, on the virtual platform we have observed the birthday of Nobel laureate Rabindranath Tagore and performed Yoga at home on the National Day of Yoga

It has been very heartening to meet each other, though on the virtual platform after a long time.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

#### Promotion of Communitarian Values

United we stand. This is a motto we sincerely believe in and have re-imbibed in the pandemic times. In the days of quarantine and social distancing, we could not stay aloof. The science building in our sprawling college campus has served as safe house for the infected patients. We have visited the nearby Songachi Tea Estate and distributed masks, sanitizers, dry food and vitamin C medicine amongst the local people. Our students in their own way have come forward to spread awareness amongst the local people about the covid protocols. We know the journey has only begun; our efforts are nothing comparable to the gnawing needs of the times. But we feel blessed to reach out and bond with the local community, more so when we see our young students following suit.
