Aim /Aims of the Trip:

Most of the subjects carry a general theory that unless students are being introduced to the outer domain apart from the class room centric education system, their knowledge would be half hearted and historical knowledge accordingly involves study tours. And keeping in mind this ethos the Department of History decided in principle for a historical tour to Akshay kumar Maitra Museum at University of North Bengal. There are innumerable collections of sculptures, coins belonging to the Pala, Sena era and these were collected from different districts of North Bengal. Our Students were immensely beneficial through studying these ancient artifacts.

Outcome/Outcomes of the trip:

Our students got firsthand knowledge about our ancient past and thus they could absorb the text much more vividly.
