ASER-(Annual Status Of Educational Report , 2022) . ASER is a report from which we get to know all the data of our current scenario of education system . This year we completed our ASER 2022 survey . For this survey we first took a workshop for 7 days which was called ASER state level workshop 2022 . It was held in Bolpur , west Bengal . In this workshop we learnt on how to conduct the survey . This workshop was held from 30th August to 4th September 2022 . After finishing the workshop we were appointed as MT(Master Trainer) of a particular district . Two MT's were appointed in our district , Jalpaiguri . One was Debomitra Pulkati and the other was Priyanka Sarkar . From 7th to 9th September we took 3 days classes in the premises of PARIMAL MITRA SMRITI MAHAVIDAYALA's students who worked as volunteers of ASER 2022 in jalpaiguri district . In this class we found 30 volunteers. They do their class and prepare themselves for the survey. After finishing the 3 days classes we conduct the main survey . 10th September, Saturday and 11th September, Sunday they completed their survey in the villages dakkhin kalamati , Juranti T.E , Red bank T.E , Singimari , Mandalghat , Bowalmari etc under Jalpaiguri district . These volunteers did their best and found out the proper primary education scenario of jalpaiguri district. While doing the survey , the volunteers found out that the students did not do the basic math's and basic reading.

After completing the whole work ASER authority gave a certificate to all of them. The whole survey in jalpaiguri district was monitored by DR.Tapati saha (HOD of Bengali department , parimal mitra smriti mahavidyalaya)

We gained a lot of experiences as we concluded the survey.
